JOHN M. EISLER

Nurseries

Complete Garden and Estate Contracting

Our services are available for small gardens
or entire estates—at moderate cost

PRICE **1943** LIST

PENNSYLVANIA NURSERYMEN'S ASSOCIATION UNIFORM RETAIL REPLACEMENT AGREEMENT.

PROVIDED ACCOUNT IS PAID IN ACCORDANCE WITH GOVERNMENT CREDIT RULES, AND PLANTS RECEIVE REASONABLE CARE, WE WILL REPLACE AT ONE-HALF PRICE OF THE PLANTS, PLUS COST OF PLANTING, PLANTS PLANTED IN THE SPRING THAT FAIL TO SURVIVE THE FOLLOWING SUMMER, OR IF PLANTED IN THE FALL, FAIL TO LEAF OUT THE FOLLOWING SPRING.

SHOULD WE NOT HAVE THE SAME PLANTS IN STOCK, WE RESERVE THE RIGHT TO GIVE CREDIT FOR AN AMOUNT EQUAL TO ONE-HALF THE COST OF THE PLANTS LOST, IN OTHER PLANTS OF YOUR SELECTION.

FOREWORD

The Eisler Nurseries, located in Butler County, are the largest and probably the most complete in Southwestern Pennsylvania. A map on the back cover shows you the location of our two nurseries to which you are cordially invited any day of the year.

On our 365 acres we have hundreds of varieties of trees and shrubs that have been locally grown and which can stand the severe winters that so often kill the less hardy plants shipped from the south.

The first greenhouse in Butler County was owned and operated by Martin Eisler (grandfather of present owner) back in the eighteenth century and ever since the name Eisler has been connected with the propagation of better plants.

We have a complete landscape service and will be delighted to give estimates at no cost to you. Our equipment of eleven trucks, three tractors, diesel shovel, etc., is suitable for all types of landscape development.

Although we do not make sales on Sunday, you may inspect and tag any stock that you may wish to have dug and delivered.

CONDITIONS OF SALE

The prices in this catalogue cancel all previous prices and are subject to change without notice. All orders for stock are subject to prior sale.

GUARANTEE

The Eisler Nurseries absolutely guarantee every hardy plant purchased by you to grow, providing that it is properly planted and pruned. Any stock that does not grow will be replaced at no cost the following season. At your request we will give you a forty-eight page booklet on proper planting methods.

Over \$200.00	Free	Free	Free

Prices on application for over 100 miles.

Note: On special items such as Mushroom Manure, Humus and Fertilizer our price includes free delivery as noted within 40 miles of Butler.

We Have Daily Delivery in the Pittsburgh District

You are always welcome to visit our Nurseries. We have a beautiful stream and picnic grounds for your convenience. The children and grownups will enjoy it.

EVERGREEN TREES

Our assortment of Evergreens is the most complete in Southwestern Pennsylvania, since we devote many acres in growing over 66,000 plants in 75 varieties that we have for your selection and for the beautification of your home. All prices on Evergreens, except on the small lining out plants, include the cost of digging and wrapping the ball of earth with burlap. The small sizes are dug and packed in moss at no extra charge.

DECIDUOUS AND ORNAMENTAL SHADE TREES

We have an unusually large list of choice shade trees for your selection that are well grown. As you scan our list of over 100 varieties, not including fruit trees, you will find many unusual types not grown by others. We can also supply hundreds of large shade and ornamental flowering trees from the Treesdale Farms. You will find a separate list of the large trees in the last few pages of the catalog.

5—5	to 6	in. cal.	15.00	
7—6	to 7	in. cal.	18.00	
6—7	to 8	in. cal.	20.00	
3—8	to 9	in. cal.	25.00	

DECIDUOUS SHRUBS

Our shrubs are the best obtainable in this locality and our range of varieties from which you may make your selection is large. The plants are grown with plenty of space between them, so that each one may have a good full body. Every plant, out of 153 varieties listed, has proven its hardiness through several cold winters in our nurseries without protection.

ABELIA GRANDIFLORA—3' **Glossy Abelia**

	Each	Per 10
30—12 to 15 in. B&B	1.00	8.00

ACANTHOPANAX PENTAPHYLLUM—10'**Five-leaved Aralia**

305—10 to 15 in.25	2.00
56—15 to 18 in.35	3.25
2 to 3 ft.60	5.50
339—3 to 4 ft.80	7.50

HYBRID TEA ROSES

Our experience with roses is that it is best to have them well established in pots before selling them to you. You can safely plant them at any time of the year when potted in the large Cloverset Pots containing 15 lbs. of soil and we are always glad to replace any that do not grow or bloom for you, at no cost.

FERTILIZERS AND SOIL CONDITIONERS

MUSHROOM MANURE—This is our best seller for lawns and gardens. Mushroom Manure is a real manure with about 20% topsoil added, that has been used for the growing of one crop of mushrooms in the huge Limestone Caverns located at West Winfield. It is absolutely weedless and odorless, yet contains more fertility than ordinary manures that are so full of weeds and filth. The analysis, according to the Pittsburgh Testing Laboratories, shows the following:

Dry Basis

Nitrogen .70% Phosphoric Acid .62% Potash 1.51%

Price Delivered Within 40 Miles (5 cu. yds. or more)

2 bu. bags	\$1.00
1 cu. yd.	5.00 per cu. yd.
5 cu. yds. or more	3.50 per cu. yd.
10 cu. yds. or more—in multiples of 10	2.75 per cu. yd.
50 cu. yds. or more—in multiples of 10	2.60 per cu. yd.

Table of Coverage

1 cu. yd. of Mushroom Manure or Eisler's Humus will cover

100 sq. ft. to a thickness of 3 inches
150 sq. ft. to a thickness of 2 inches
300 sq. ft. to a thickness of 1 inch
600 sq. ft. to a thickness of ½ inch
1200 sq. ft. to a thickness of ¼ inch

EISLER'S HUMUS—This is a fine grade of cultivated Peat Humus produced in our own plant in Mercer County. It is a splendid soil conditioner and acts as a sponge in retaining moisture in the soil. Use as a top-dressing or to mix with your soil in preparing a seed bed.

2 bu. bag. (Butler only)	\$1.00
1 cu. yd.	7.00 per cu. yd.
2 cu. yds. (1 ton) to 8 cu. yds.	6.00 per cu. yd.
8 cu. yds. or more	4.00 per cu. yd.

LARGE SPECIMEN TREES

We can furnish large shade trees and are equipped to plant them with a large ball of earth. This gives the home owner a ten to twenty year savings in time over the planting of the usual smaller tree. The caliper measurement is taken at a point twelve inches above the ground level.

The prices quoted include the moving, furnishing materials and planting plus a free replacement guarantee. The prices are subject to considerable deviation, dependent upon conditions and distance to be moved.
